The XS 990 is the flagship of the range, we have supplied a few of these for private use but the vast majority go as fully commercial vessels. Suitable for inboard and outboard motors this craft can be coded as a passenger craft for 12 persons. We have them in use as lifeboats, Police Boats plus many other military and commercial uses. Fuel capacity can be increased to 1000 L and more and payload is immense, The performance is staggering even when loaded.

## XS-990 Commercial

All XS craft are made in the UK, we start with a barrel of resin and a roll of fabric and make the whole boat IN HOUSE at our factory in Yorkshire. All metal work, fuel tanks, steering and fittings are sourced in the UK and are supplied to the relevant ISO standard for the item. All consoles and seating are BONDED to the deck, NOT screwed down. We pride ourselves in the quality we deliver. This is why these craft do the job and last, durability is BUILT IN.

**XS – Ribs:** 14 West Burrowfield, Welwyn Garden City, Herts, AL7 4TW
