The XS 460 is an ideal entry level family sports boat as well as an industry standard Club Rescue and teaching craft. The XS 460 shares many of the same characteristics as the larger craft, high sheer bow, deep V hull, generous tube size, superb stability at rest and a very dry ride. There are a wide range of options for this craft and the boat above shows many of them. As with all XS craft every boat is built from scratch to your precise requirements.

## XS 460

### Console Positions

The position of the console is relevant to the balance of the boat and in part dependent on the shape of the floor. In this model of craft the console can be moved, please discuss your requirements with us.

Boat	XS 460

All XS craft are made in the UK, we start with a barrel of resin and a roll of fabric and make the whole boat IN HOUSE at our factory in Yorkshire. All metal work, fuel tanks, steering and fittings are sourced in the UK and are supplied to the relevant ISO standard for the item. All consoles and seating are BONDED to the deck, NOT screwed down. We pride ourselves in the quality we deliver. This is why these craft do the job and last, durability is BUILT IN.
